

Looking for a business solution that works across the Local, the JATC and the Benefit Fund?

Everywhere you are

Union Fusion leverages DRG's **comprehensive framework** for coverage across all union activity, real time! A single browser-independent web solution provides comprehensive access everywhere you have a computing device and an internet connection. Pull up member data on your iPad or mobile device.

A Comprehensive Solution

Union Fusion provides extensive support for total contact management, membership, education, work history, OJT hours, events, out-of-work list, referrals, organizing, communications, remittance contributions, benefits and disbursements, an integrated CMS, mobile device access, financials and much more.

Total Website Integration

Union Fusion was designed to work with your current business activities by providing easy integration with your existing website. Want to make online dues payments for your Journeyman a reality? Call us today to get started.
